## In-house Programmes by MII Eligible for Bumiputra Training Fund (BTF) Subsidy

We are pleased to inform that the BTF subsidy can now be utilized for in-house programmes conducted by MII. This decision was made at the BTF Taskforce meeting on 27 March 2008 after much discussion and in response to the feedback and suggestions received from the industry. This approval takes effect immediately.

With this approval, all BTF approved programmes can be conducted in-house at the company's preferred venue and can be customised to meet the specific needs of the company's staff or agents. In summary, the eligibility for the BTF subsidy for in-house programmes is subject to the following requirements:

- The in-house programmes must be among the BTF approved programmes
- The conduct of the in-house programme must be by MII

The amount of subsidy for programmes conducted in-house will follow the same structure and formula that has been approved for Public Programmes, where each participant is entitled to a subsidy of up to 80% of the programme fee.

We hope that the industry will take full advantage of this initiative in order to maximise the training opportunities available under the BTF for staff and agents. Should you have any enquiries please contact Pn Sharifah Fazlina at 03-20878882 (ext 511) or email to [sharifah@mii.org.my](mailto:sharifah@mii.org.my).

Thank you.

Yours sincerely,

**Khadijah Abdullah**  
Chief Executive Officer
